

**We are a 100% natural company using organic ingredients whenever possible. We would like to know what we are required to do so we can say we are organic and use the USDA seal. We are currently going to be 70% organic on some of our products. How do we go about being certified since we will be 70-90% organic on all of our products?**

Go to the NOP website @ <http://www.ams.usda.gov/nop> and click on "Certifying Agents" then click on the "[List of USDA Accredited Certifying Agents](#)," then choose either Domestic or Foreign to find the closest Certifying Agent to you. Once you choose a Certifying Agent, and contact them, they will be able to explain all the steps required for you to become certified.
